LITTLE ROCK (AP)—Seven Arkansas counties were designated drought disaster areas Thursday by the Agriculture Department, bringing to 38 the number of counties in the state eligible for federal disaster aid.

The new authorizations are for Izard, Pope, Clay, Lawrence, Faulkner, Perry and Hempstead counties. Thirteen other counties asked Thursday for federal assistance.

Farmers in the counties were declared eligible for the livestock feed program under which they may order government surplus corn at reduced prices.

Farmers in Clay, Lawrence, Hempstead counties will be allowed to graze livestock or cut hay on land retired from production through government programs. Izard, Faulkner and Perry counties already had been approved for this program.

The state office of the Agricultural Stabilization and Conservation Service reported that 19 counties have ordered 333 railroad cars of government-owned corn since Sept. 3.

The state Disaster Committee asked the Agriculture Department to declare the following counties eligible for drought disaster aid: Prairie, Clark, Cross, Howard and Ouachita for both programs and Conway, Hot Spring, Lonoke, Pike, Garland, Boone for the livestock feed program.

Conway, Little River and Cleburne counties already have been approved for the grazing and hay program.

## Auto Backs Into Another One

On West Avenue B yesterday an auto driven by Joe Christ backed into another auto driven by Mrs. Ervin Madlock. The side of the Madlock car was damaged. Officers Rowe and McCulley investigated.

## Sees No Room for Frustration

PROVIDENCE, R.I. (AP)—There's "no room for frustrated middle aged women who feel bored, restless and cheated with their lives," says Margaret Clapp, president of Wellesley College.

Miss Clapp said girls too often think their lives through only to the point when "they will live happily ever after." Thus, she said in a speech at Providence, R.I., they are not prepared to cope with the years which follow their period of motherhood.

## Child Drowns in a Stock Pond

CONWAY, Ark. (AP)—Tina Skinner, aged 23 months, drowned Thursday in a stock pond near her home two miles north-west of Conway.

Faulkner County Sheriff Joe Castleberry said the girl wandered from her home and fell into the pond. She was the daughter of Mr. and Mrs. Edward Skinner.

## Over \$1 Million in Insurance on Slain Wife

MINNEAPOLIS (AP)—Records of \$1,055,000 worth of insurance which T. Eugene Thompson took out on his wife have been placed in evidence at his trial on a charge of engineering her slaying.

John Winter, St. Paul insurance man who was on the stand when court recessed Thursday continued his testimony today about three policies he said his agency had sold to Thompson in late 1962.

Winter said Thompson, 35, had applied for a quarter million dollars worth of insurance on Mrs. Thompson but the three firms concerned finally had granted a total of \$105,000.

The witness, who was a fellow student with Thompson and his wife in St. Paul, said the last of the three policies—issued by General Insurance Co. for \$30,000—was delivered late in January.

The following March 6 Thompson's wife, Carol, 34, was fatally bludgeoned and knifed in the couple's fashionable St. Paul home. She was the mother of four.

Prosecutor William Randall brought out that the other policies were for \$50,000 with Time Insurance Co. and \$25,000, issued by the Zurich Insurance Co. Testimony showed Thompson had sought policies for \$100,000 each from General and Time, \$50,000 from Zurich.

Thompson, an attorney, is charged with first-degree murder. The state claims that, in addition to the insurance money, he had been having an affair with a former employee and wanted to marry her. The woman hasn't been identified.

Two other men await trial in the slaying.

## Girl Killed at Springdale

SPRINGDALE, Ark. (AP)—Teresa Treet, 15, of Siloam Springs, was killed Thursday when thrown from a car that went out of control on state Highway 68 near Springdale.

Police said she was a passenger in a car driven by Jeanne Black, 16, also of Siloam Springs. Miss Black was injured slightly.

The car left the highway seven miles west of Springdale, struck an embankment and overturned several times.

## This Little Woman Wonders Whether She Married a Man or Packrat — He Collects

By JOY STILLEY

NEW YORK (AP)—I'm not worried about whether I married a man or a mouse. What I'm wondering is if I married a man or a packrat.

My husband doesn't just bring home the bacon. He brings home everything else he can get his hands on, too. And once the stuff is on the premises he wants to keep it there.

If he had his way, nothing would ever be thrown out except orange peelings and coffee grounds. He is absolutely convinced everything else will come in handy some day.

All our friends have been briefed never to dispose of anything without first consulting him. In this way we have come into possession of such choice items as an old electric phonograph with no tubes, a metal bookcase with most of the shelves missing, and a massive solid oak headboard from someone's discarded bed.

I admit some of these odds and ends he collects have come in handy in the past when he did a lot of building for our children. He once made a wagon out of nothing but scraps of lumber, wheels from old carriages and tricycles, and even rehabilitated bolts and nails. I held six kids. He looked pretty

## Estimate on Cotton Up in Arkansas

WASHINGTON (AP)—The Agriculture Department predicted today the Arkansas' cotton crop would be 1.5 million bales this year, 65,000 bales more than was predicted a month ago.

The national cotton crop was predicted at 15,322,000 bales of 500 pounds gross weight, up three per cent from the forecast a month earlier.

The department estimated Arkansas would produce an average of 588 pounds an acre. In October, the indicated yield per acre was 562 pounds.

Last year's cotton production in Arkansas was 1,450,000 bales acre last year was 512 pounds. The indicated national crop and the 1957-61 average was 1,249,000 bales. The yield per acre compares with a department forecast that market demands from this year's crop will total 13.8 million bales. Thus the crop would add to the oversupply.

The national yield of cotton lint per acre was estimated at a record 516 pounds.

Only Texas, California and Mississippi were expected to produce more cotton than Arkansas.

In an accompanying report, the Census Bureau said 10,641,627 running bales of cotton had been ginned prior to Nov. 1 compared with 9,143,450 at the same date last year.

## Honorary AVA Memberships

LITTLE ROCK (AP)—Honorary lifetime memberships in the Arkansas Vocational Association (AVA) were presented Thursday to Harry L. Oswald of North Little Rock and J. A. Hawkins of Little Rock. These were the first such honors given by the AVA.

Oswald has sponsored farm electrification awards for more than 200 boys. Hawkins has been active in promoting distributive education.

## Rockefeller Silent on AIDC Plans

LITTLE ROCK (AP)—Winthrop Rockefeller would neither confirm nor deny Thursday reports that he would soon resign as chairman of the Arkansas Industrial Development Commission.

Rockefeller said he had not given serious thought as to whether his brother's decision to seek the Republican nomination for president would "adversely" effect his own usefulness to the AIDC.

Gov. Nelson A. Rockefeller of New York announced Thursday that he was seeking the GOP presidential nomination.

Rockefeller, national GOP committeeman from Arkansas, has not been on the best terms with Gov. Orval E. Faubus.

Informants say the recent resignation of William P. Rock as AIC executive secretary and the appointment of Col. Carl C. Hinkle, retiring commander of the Little Rock Air Force Base, as Rock's successor were disappointments to Rockefeller.

A House move in the past legislative session to oust Rockefeller was beaten by public outcries against it. Faubus denied any connection with the attempted ousting.

## 133,450 Get Free Food in State

LITTLE ROCK (AP)—State Welfare Commissioner Jim Phillips said Thursday that 2,757,214 pounds of food worth \$678,441 was issued by the department's Surplus Commodities Division last month.

In addition, 103,470 pounds worth \$33,146 was issued to 84 institutions and 1,943,134 pounds worth \$686,294 was issued to 1,713 schools.

He said 133,450 persons got individual surplus commodities.

## Shop in Hope for Christmas Move Started

A group of Hope Merchants are joining radio station KXAR and the Hope Star to encourage shopping in Hope for Christmas. Since there are only three and one half weeks between Thanksgiving and Christmas an effort is being made to promote early shopping as well. Many Hope stores are already stocked with Christmas items.

KXAR started the campaign Nov. 4 by repeating the popular phone feature whereby people in the Hope trade territory are called at random. If they answer by saying "Shop in Hope for Christmas," they will receive the current Jackpot of Merchandise certificates redeemable at 14 Hope stores. The same stores plus some Grocery stores will have registration for Turkey Tuesday, a new feature this year.

On Tuesday, Nov. 26, KXAR will make calls from the registrations and award from 15 to 20, 12 pound turkeys to those who say the right words when the phone rings on "Turkey Tuesday".

The Hope Star will have an early Christmas edition on Nov. 13. . . . This, too, will encourage early Christmas shopping in Hope. This edition will carry stories, features, gift ideas and other suggestions for the holiday season. The Star and KXAR urge you to shop early and by all means to "Shop in Hope for Christmas". . . .

## Confidence Vote for City Board, Mgr.

The Hope Retail Promotion Association, meeting in regular session on Tuesday morning, November 5th, 1963 passed the following resolution:

The Hope Retail Promotion Association does hereby give its endorsement and vote of confidence to the city manager, the city board of directors and the Water and Light commission. We further commend them for the efficient business-like administration that the city of Hope has enjoyed for the past 6 years. The business community has, like all the residents of Hope, benefited from the tangible and material gains such as new lighting, new sewers, new water tank, and a vastly improved electric system. We also feel there is a stability in policy, procedure and city government. The fiscal policies have been sound and sensible as evidenced by bond retirement and operating surpluses. For these reasons we commend the city manager form of government to all citizens of Hope.

## Sex, Latin, Ignorance Aired by AEA

LITTLE ROCK (AP)—Sex, Latin, conformity, the racial issue and ignorance of job opportunities held the interest of the Arkansas Education Association Thursday.

Thousands of instructors from Arkansas' public schools met in Little Rock to hear speakers warn, scold and advise them on a wide range of topics.

Karl H. Meyer, a professor of Latin and German at Arkansas State Teachers College at Conway, advised teachers to loosen up a bit and make learning Latin fun.

Dr. M. Eunice Hilton, director of the scholars program at the University of Denver, told guidance counselors that the day is gone when collegiate sex problems can be scoffed out. Today they really exist — even abroad, she said.

Dr. D. E. Davis, president of the College of the Ozarks at Clarksville, told county school supervisors that there are gross disparities between Negro and white educational opportunities in Arkansas.

C. R. Crakes of Chicago's Devry Technical Institute said Arkansas teachers need to be more informed about new jobs created by technological advances, or potential jobholders will be unemployed because of ignorance of the fact that the new jobs exist.

T. M. Stinnett, the National Education Association's assistant executive secretary for Professional Development and Welfare, dared teachers to be different.

Stinnett told the first general session of the AEA convention that "We shall have to abandon the trend to merge our own unique identity with the conforming masses."

That education may become an adjunct of "big government or big labor or big business or big agriculture or big church or big right wing or big power structure of any kind" is the "greatest threat to free education here or anywhere else in the world," Stinnett said.

He deplored individuals who impose their will and standards on school boards and teachers and those who seek to have books banned from libraries and teachers fired over book-ban issues.

Crakes said technological advances have increased unemployment, but also have created new jobs.

If teachers would stay up-to-date on these developments, and "glamorize" technical fields, a vast reservoir of young men could be trained to fill the ever-widening range of occupations, he said.

The need for more information, materials and guidance for college students is overwhelming, Dr. Hilton said.

She said many of the problems are created by modern psychological terms which create an American girl "full of psychology, worried about neurosis and scared she is not going to get married."

Dr. Davis said he hoped the federal government would eventually provide financial assistance to correct the imbalance in Negro and white educational opportunities in Arkansas.

He said this is the kind of federal "intervention" that is needed.

## GOPs Taking Retire - JFK Drive South

By DON MCKEE

CHARLESTON, S.C. (AP)—Republicans trundled out three "retire-Kennedy" rocking chairs today and rolled up their sleeves to map Dixie's biggest GOP campaign.

The rocking chairs, a rallying symbol, stand for Republican hopes that President Kennedy and his brothers won't have a White House to rock in come 1965.

"We're going after the South this time — and we're going to get it," said William E. Miller of New York, Republican national chairman.

With the big GOP guns trained on the South, a 13-state workshop kicked off with most Republican leaders predicting a virtual sweep of the South if Sen. Barry Goldwater of Arizona gets the nomination. Most of the Southerners believe Goldwater will be nominated.

The Southern theme song of the GOP in '64 was already being set to music at this conference.

"A home for the conservatives," is the refrain for Dixie. There will be a general playing down of the torrid civil rights issues, although this is obviously the key in some of the states.

Emphasis will be put on charges of loose spending and a soft line on communism under the Democrats.

Another part of the GOP thrust sure to touch responsive chords in Dixie, is a promise of less centralized government or more state's rights.

## Veteran's Day Service Sunday

Special Veteran's Day services, the Nation's annual memorial to the war dead and veterans of both wars and the Korean conflict, will be held Sunday, Nov. 10 with special services at First Methodist Church at the 10:55 a.m. service.

A special section is reserved for veterans and their families. The service is sponsored by the American Legion Leslie Huddleston Post and Auxiliary.

## All Around Town

By The Star Staff

The Hope Postoffice, along with many businesses and stores, will be closed Monday in observance of Veteran's Day . . . there will be no rural or city delivery . . . mail will be placed in boxes and dispatched as usual and stamps are available in the lobby machine.

The Farm Bureau meets Tuesday night, Nov. 12 at 7:30 at the Bureau office.

Mrs. Harold Hightower, Little Rock, was elected vice-president at the Minister's Wives Conference this week at the Arkansas Baptist State Convention . . . she is the former Jessie Clarice Brown, daughter of Mr. and Mrs. Jessie Brown of Hope.

President of the Arkansas Education Association sections in Little Rock include, "Journalism," Mrs. Mary Nell Turner, and "Band and Orchestra," Jon Barbarotto, both of Hope.

Junior members of the Legion Auxiliary will hold a Poppy Queen contest Saturday in connection with Poppy Day . . . the leading saleslady will be the winner and will be crowned at Veteran's Day ceremonies Monday, Nov. 11, at 11 a.m. at the Memorial Market on Court-house lawn.

## U.S., Russia Are Near Agreement on Grain Sale

WASHINGTON (AP)—Secretary of State Dean Rusk said today there may be some agreement soon on the long-stalled \$250-million wheat deal with Russia.

But, he told a news conference, bargaining is still going on and as of now "we don't know what the outcome will be."

Administration sources were hinting cautiously Thursday night that there has been progress on the chief stumbling block—shipping rates.

And in the Russian capital, Soviet Premier Khrushchev told a group of visiting American businessmen at a party Thursday, "I got the news today that the grain dealers in America have made a reasonable approach and perhaps we can reach agreement after all."

The deal involves sale of about 4 million tons of surplus American wheat to the Soviet bloc. Negotiations have sputtered for three weeks because:

1. President Kennedy has attached a condition that the grain move on American-owned ships if available.

2. The Russians refuse to pay higher rates to American shippers when foreign vessels would transport the wheat cheaper.

A secret meeting between Undersecretary of State George W. Ball and the Soviet wheat delegation Wednesday may have helped improve the situation, administration sources indicated. But they stressed that no agreement has been reached yet.

The informants said the gap between American and foreign rates is gradually narrowing because world shipping rates are going up. There is still a considerable difference between the two, though, the sources said.

Khrushchev said Wednesday the deal may fall through because of the American shipping rates. He did not specify Thursday what new word he had received, but said: "If we bargain on the basis of equality without discrimination when we can agree."

## State Might Get Needed Showers

A low pressure system moving toward Arkansas from the Southern Plains delayed the state's hope for showers today.

The new forecast calls for showers in the west late tonight and Saturday and rain is expected to reach the east portion until Sunday.

Temperatures are expected to remain cool to moderate. Heavy cloud cover was responsible for a low maximum of 57 degrees at Keiser Thursday but the highs generally were in the 70s under sunny skies and Texarkana reported 81 degrees.

Overnight lows were generally in the 40s and low 50s.

The temperature and the dewpoint got together during the night, causing fog over most of North Arkansas. The fog was expected to give way to cloudy skies later in the day.

## Investigator to Speak to Poultry Group

Broiler and egg producers in this area will have an opportunity to meet and hear an investigator into the problems of poultry integration when M. L. Marshall of Memphis, Tenn., speaks at Bodcaw Monday night, Nov. 18, it was announced this week by T. J. Silvey, president of the Southwest Arkansas Poultry Producers Association.

Mr. Marshall is area supervisor of the recently established Memphis office of the Packers & Stockyards Division of the U.S. Department of Agriculture. He is one of the federal investigators, who visited Arkansas last winter with the resulting demand for an examination of the books to two large integrated poultry firms in northwest Arkansas.

While results of the investigation have not been announced, it is expected Mr. Marshall will speak in general on what the Packers & Stockyards Division has learned in its operations and what may be some of the final results.

At a meeting of the Southwest Arkansas Poultry Producers Association last week, the membership voted to support the efforts of the U.S. Poultry & Egg Producers Association to have the P & S investigation expanded to include the production of commercial eggs.

The meeting will be held in the Bodcaw school beginning at 7:30 and all producers of broilers and eggs are urged to attend. There will also be an election of officers for the local association. Mr. Silvey, who has been president since its establishment in 1957, has refused to consider re-election as he is selling his farm in the Bodcaw community.

Members of the nominating committee are: H. L. Cox, Falcon; Homer Cobb, Hope, and John Wester, Washington.

fight later to restore the President's discretion to provide most-favored-nation trade treatments for Yugoslavia and Poland, barred last year by Congress.  
But Sen. William Proxmire, D-Wis., is ready with an amendment to cut off all aid to Yugoslavia except some surplus food and for assistance to American schools, hospitals and libraries.  
And Sen. Frank J. Lausche, D-Ohio, said he will offer an amendment to wipe out completely the President's discretion to aid any Communist country under any circumstance.  
Under present law foreign aid cannot be given Yugoslavia, Poland and other Communist countries unless the President determines the assistance is vital to the security of the United States the recipient is not controlled by the Kremlin and that the aid will promote the country's independence.  
Thursday night's fight came on the amendment by Sen. Ernest Gruening, D-Alaska, to bar help to any nation which the President determines is engaging in or preparing for aggressive action against the United States or any country receiving U.S. assistance identical to a provision in the House-passed bill, it was approved 65-13.  
Gruening and other sponsors made clear the amendment was aimed at the United Arab Republic, which has sent troops into Yemen.  
The amendment prohibiting a resumption of now-suspended aid to Indonesia unless the President should determine it essential to the United States' national interest was adopted without a protest.  
Earlier the Senate voted 57-29 to ban foreign aid to any nation that asserts fishing jurisdiction beyond limits recognized by the United States.  
This move, sponsored by Sen. Thomas H. Kuchel, R-Calif., was aimed mainly at Ecuador, Chile and Peru, which have claimed jurisdiction 200 miles seaward. Kuchel said some American vessels have been seized and their crews fined and jailed.

Continued From Page One

ARKANSAS — Increasing cloudiness this afternoon. Considerable cloudiness tonight and Saturday with occasional rain south and west tonight and over state Saturday. High today 72 to 85. Low tonight 48 to 60. High Saturday 65 to 75.  
Arkansas — Partly cloudy through Saturday with a chance of a few showers west late tonight or Saturday; high today 72 to 85; low tonight 48 to 60. Oklahoma— Increasing cloudiness and widely scattered thundershowers today, cooler west and central portions; considerable cloudiness and cooler tonight with scattered thundershowers in the east; partly cloudy Saturday with a few showers in the extreme east before noon, cooler east and south portions but warmer Panhandle; high today 54 northwest to 83 southeast; low tonight 34 northwest to 53 southeast.  
LOUISIANA — Increasing cloudiness this afternoon. Showers and scattered thundershowers tonight and in east portion Saturday. Cooler Saturday. Low tonight 60s southeast, in 50s elsewhere. High Saturday in 70s.  
Eastern, Southern Missouri — Considerable fog until midmorning in the extreme east; otherwise partly cloudy to cloudy today; high today in the 60s east and lower 70s southwest; occasional rain beginning in southwest late today and spreading through eastern Missouri tonight; low tonight in the 40s; mostly cloudy Saturday with occasional rain continuing in the east.  
Baylor football Coach John Bridger is an ebullient man who wants to tell the world about "my boy Trull." He does so at every opportunity.  
And some of the comparisons he makes involving Baylor quarterback Don Trull are at once refreshing and a little awe-inspiring. Listen:  
"My boy Trull," proclaims Bridger, "is the best quarterback I've ever seen anywhere or anytime or on any football field. And that goes for Baugh, O'Brien, Lujack, Graham, Units or even Tittle."  
Which is rather rarified company. But Trull's credentials are all in order. He leads the nation in passing and total offense. In six games he has a total of 1,491 yards and has completed 106 of 185 passes for 1,408 yards and 10 touchdowns.  
Trull gets his chance to prove all this Saturday at Austin, Tex., when he leads the bulky Bears against unbeaten Texas, the nation's top-ranked college team. The game looms as the top attraction on the national schedule and probably the last really big stumbling block on the Longhorns' path to the national championship. Their only other games are against Texas Christian, 3-2-1, and Texas A&M, 1-5-1.  
The Bears are unranked, but have an impressive 5-1 mark, losing only to Oregon State. They've beaten Houston, Arkansas, Texas Tech, Texas A&M and TCU.  
The Longhorns have won seven in a row, but the margin of victory in the last three totals only 13 points.  
Each, of course, is unbeaten in the Southwest Conference and the winner probably will get the host spot in the Cotton Bowl. Baylor hasn't won the title in 40 years.  
Most of the rest of the ranked teams also have their work cut out for them, with only No. 3 Mississippi scheduled for a breather. Ol' Miss, 5-0-1, has a home game against little Tampa. No. 7 Alabama is idle.  
Second-ranked Illinois, 5-0-1, is a home to a Michigan team that may be better than its 2-3-1 record would indicate and No. 4 Navy could have its hands full with Maryland, 2-5. The Middies, led by Roger Staubach, take a 6-1 record into the game at the Naval Academy.  
Auburn, at 6-0 one of the three remaining unbeaten, untied teams in major college circles, risks its No. 5 standing against tough Mississippi State, 4-2-1, at Jackson, Miss.  
Oklahoma, pounding along toward another Big Eight title and ranked sixth at 5-1, is home to Iowa State, 4-3. No. 8 Pitt, 5-1, is at Notre Dame, 2-4. No. 9 Michigan State, 4-1-1, is at Purdue, 3-3, and No. 10 Ohio State, 4-1-1, is host to Penn State, 5-2, in one of three games scheduled for regional television coverage.  
The other television games are Northwestern, 4-3, at Wisconsin, 4-2, and Arkansas, 4-3, at Rice, 4-2.  
Princeton, 6-0 and the only other unbeaten, untied, visits Harvard for an Ivy League game.

Says Truth a Casualty in Mississippi

ASHEVILLE, N.C. (AP) — A University of Mississippi professor says a totalitarian society has evolved in his state and the search for truth "has become a casualty."  
Dr. James W. Silver, 56, a member of the history faculty at Ole Miss for 28 years, told a meeting of the Southern Historical Association:  
"The Mississippian who prides himself on his individuality, in reality lives in a cliche."  
Silver said the people of Mississippi were sold "a palpable and cynical hoax" that the federal government was responsible for the riot when Negro James H. Meredith enrolled at Ole Miss.  
Mississippi Gov. Ross Barnett, in Athens, Ga., for a speech commented:  
"Old Silver's liable to say anything. I wouldn't waste words on that man. He ought to have been kicked out a long time ago."  
The search for historical truth — including the truth of what happened when Meredith enrolled "has become a casualty in embattled Mississippi," said Silver, a native of Rochester, N.Y.  
He said he was present when Meredith was enrolled and that news reporting, much criticized by Mississippi state officials, "was accurate and interpretation was sound and temperate."

mate where nonconformity is forbidden, where the white man is not free, where he does not date to express a deviation opinion without looking over his shoulder.

"Today the totalitarian society of Mississippi imposes on all its people acceptance of an obedience to an official orthodoxy almost identical with the proslavery philosophy."

### Prisoners Get \$13,000 for Blood

LITTLE ROCK (AP)—Prison Supt. Dan Stephens said Wednesday that the "plasma bank" program at Cummins Prison Farm is providing spending money to men "who haven't had any in 10 years."

Stephens, in Little Rock for a meeting of the Pardons and Paroles Board, said the program has provided \$13,000 in spending money and has put \$5,000 in the prison welfare fund.

The program, initiated five weeks ago, allows a prisoner who is physically fit to give one pint of plasma a week, for which he is paid \$5.

Fifty cents of this amount goes into a fund for him when he is discharged, \$1 goes into the welfare fund and the prisoner gets to spend the rest.

Plasma—the fluid portion of the blood—is removed, but red blood corpuscles are extracted in a centrifuge and returned to the donor's blood stream. Thus, the donor is not weakened as in regular blood-taking processes, but can return immediately to work.

About 1,200 of the 1,700 prisoners take part in the program, Stephens said. The plasma is purchased by Stough-Wisdom Research Co., which pioneered a similar program at the Oklahoma State Prison at McAlester.

### Rules Church and Schools Not Exempt

LITTLE ROCK (AP)—The attorney general's office ruled Wednesday that churches and schools are not exempt from special improvement district taxes when they benefit from the improvements.

Asst. Atty. Gen. John P. Gill made the ruling for Clarence Mayer Jr. of Helena, attorney for the Helena Improvement District. Mayer asked about the assessment of various types of properties.

The Arkansas constitution provides that public property, churches and schools are exempt from general taxation but this has often been confused with assessment for local improvements, Gill said.

Generally, an improvement district of a first class city is given the authority to assess "all real property" within the city, the opinion said.

Schools and churches must pay special improvement taxes when they benefit from the improvements, just like any private landowner, Gill said.

However, Gill ruled, municipal and state buildings are exempt because the Arkansas Supreme Court has ruled that an assessment by one public body against another is a useless tax.

Likewise, the United States Supreme Court has ruled that the federal government cannot be taxed by the state. This ruling dates back to an 1819 case, but subsequent rulings have broadened into federal immunity from assessment.

### Terrorists Burn a Goodyear Plant

CARACAS, Venezuela (AP)—Terrorists killed two soldiers and burned down a Goodyear tire plant in two attacks Wednesday in Venezuela, informed sources reported today.

An army jeep was ambushed in the mountains south off Coro, in western Venezuela where pro-Castro guerrilla bands are active. Informants said two soldiers in the jeep were killed and three other soldiers were wounded in the fighting that followed. One guerrilla was believed wounded.

The strike against the Goodyear plant came at Barcelona, on the eastern coast. Four men armed with machine guns and pistols overpowered a bookkeeper and burned down the plant with gasoline, the reports said.

### Misses Becky and Susie Waller are visiting Miss Susan Cook in Little Rock during the school holidays.

Mrs. Lily Pearson and David were Sunday guests of Mr. and Mrs. R. L. Ponder, Jr. in Sulphur Springs, Tex., where they attended the District 16 convention of Christian Churches. David was soloist at the morning worship service and was also guest speaker at the Youth Banquet.

Mrs. Orville Oglesby, Mrs. Odell Luck, Mrs. Bill Collins and David Pearson went to Fort Smith last Friday for the Saturday wedding of Miss Martha Williams of that city and Don Oglesby of Hope.

Mrs. Aubrey Collier, Jr. and Mrs. Cleo Hungenford were business visitors in Texarkana Tuesday.

Mr. and Mrs. E. H. Allford of Stephens were Wednesday night guests of Mrs. C. C. Collins. On Thursday they, Mrs. Aubrey Collier, Jr. and Mrs. Cleo Hungenford went sight-seeing in Hot Springs.

## Plant Dedicated at Nashville

NASHVILLE, Ark. (AP)—Gov. Orval E. Faubus praised Arkansas' industrial progress under his administration during dedication ceremonies Wednesday at the \$200,000 Howard Manufacturing Co. at Nashville.

The governor said 508 new and expanded industries had created 90,000 industrial jobs in the state in the past 10 years. Act 404, Act 9 and Amendment 49 have been responsible for the increase in industrial jobs, Faubus said.

The Nashville plant makes robes for men and women, employees 70 and is to eventually employ 200.

PAY DAY — Arkansas Gov. Orval Faubus, right, and Arkansas Secretary of State Kelly Bryant, center, are paid for a day's work in Confederate money by Arkansas Secretary of the Treasury, Nancy Hall, seated, in Washington, Ark. Faubus and other state officials moved their offices to the town to celebrate the 100th anniversary of the day Washington stood as the capital of Arkansas.

### MARRIAGE HER ELL

By Helen Worden Erskine

Dear Helen: I married at 16 and have regretted it ever since. My husband won't consent to a divorce nor would he give up our year-and-a-half-old son without a fight.

I like to go, have fun and meet people. My husband sits home, gruff as a bear. When I do break away, he accuses me of two-timing. We started out wrong: I thought I was pregnant when we married but was not and things have gone wrong ever since. After four years of it, I feel like 50 instead of 20. Have I grounds for divorce? Has my husband the right to take my baby? I feel it would be better off with one parent than two who can't stand one another.

Print this as a warning to teens intent upon marrying young. Early marriages are a treadmill of housework, washing diapers and cooking when the girl wife should be going to school and dating. —S. W.

Dear S. W.: Any teen girl contemplating matrimony ought to serve an apprenticeship in an average family consisting of husband, wife, and several small children. Such a setup may appear quite romantic to someone in love but it's indeed a treadmill. The drudgery of housework and child care can be worthwhile if happiness is the reward.

You might persuade your husband to see a marriage counselor with you.

If that fails, consult a lawyer, or your nearest family welfare, or legal aid society. Your son would be better off with one responsible parent than with two who can't bring

about a cease-fire in their relationship. Don't let your husband's threats intimidate you. Send a stamped, self-addressed envelope for my letter, "Divorces and Separations."

Dear Helen: My wife and I and our seven children are on public assistance. God knows we don't want to be but we just pray we don't get sick. There are only four doctors in our town; two of them won't look at anyone on relief, the other two said they don't take new cases. Suppose our children get real sick, what would we do? Watch them suffer? —Sincere

Dear Sincere: The next time you collect your welfare check, discuss your medical problem with the person in charge of your case. Meanwhile, if a real emergency arises, you can call your nearest hospital for help. Your local fire company undoubtedly has an ambulance which is always available.

Dear Helen: Our son admits to preferring boys to girls. He went to a doctor for help but stopped going. In addition to him we have a normal, healthy daughter of 24 who is happily married and the mother of a small son. She is as heartbroken as we over her brother's strangeness.

Do you think we should tell our son to leave our home if he doesn't change his ways? The doctors say it is up to him. Is it possible for him to ever be a man, marry and lead a normal life? I feel I have failed as a mother and my husband as a father. —Despairing

Dear Despairing: Your de-

## GOP Women Pick New Officers

FORT SMITH, Ark. (AP)—

Mrs. Nolan Troxell of Rosebud (White County) was elected president of the Arkansas Federation of Republican Women Wednesday during a one-day convention at Fort Smith.

Elected vice presidents were Mrs. Hal Cochran and Miss Ed Louise Ballman, both of Fort Smith. Mrs. Edwin Mathes of Little Rock.

Mrs. Jane Maurer of Pine Bluff was elected treasurer and Mrs. Raymond Henderson of Greenbrier, secretary.

Mrs. Troxell succeeds Miss Marion Smith of Little Rock, who becomes a member of the State Executive Board of the AFRW.

Winthrop Rockefeller, Arkansas national GOP committeeman, urged all-out participation in politics on the local level.

William L. Spicer of Fort Smith, state GOP chairman, urged Republican unity in the state.

spair and feeling of failure are only aggravating the situation. There's a very definite limit to the amount of responsibility that normal parents should assume. (You don't mention your son's age which is an all important factor.) Your doctor is absolutely right. Only your son can change his attitude. Outside pressure on your part may make you feel better, but it probably won't benefit him.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## Highlights in Today's History

Today in History

By THE ASSOCIATED PRESS Today is Friday, Nov. 8, the 312th day of 1963. There are 53 days left in the year.

Today's highlight in history:

On this date in 1861, relations between the United States and Britain were strained by the occurrence of the Trent Affair. The incident involved two Confederate commissioners to England and France, James Mason and John Slidell, who were intercepted aboard the British mail steamer "Trent."

On this date:

In 1731, Benjamin Franklin founded the Library of Philadelphia, the first in the American colonies.

In 1864, Abraham Lincoln was re-elected President of the United States.

In 1942, U.S. and British forces invaded North Africa during World War II.

In 1960, Democratic Sen. John F. Kennedy of Massachusetts was elected 35th President of the United States.

Ten years ago—Former Iranian Premier Mohammed Mosaddegh went on trial in Teheran on charges of rebellion.

Five years ago—The United States signed an agreement with the European Atomic Energy Community to stimulate nuclear power production on the Continent and to share the resulting technological experience.

One year ago —The U.S. Defense Department announced that all known Russian missile bases in Cuba had been dismantled.

## Superintendents Hear Dr. Roelfs

LITTLE ROCK (AP)—Dr.

R. M. Roelfs of the University of Arkansas told Arkansas educators Wednesday systematic evaluation was an essential facet of school administration.

Roelfs addressed public school superintendents, who formed a vanguard of thousands of teachers and administrators to convene at Little Rock today and Friday for the annual Arkansas Education Association convention.

Evaluation stimulates teachers to grow professionally, gives them a reasonably sound concept of education and aids young teachers to learn their skill, he said.

Roelfs added that systematic evaluation also culls the misfit and malcontent in the teaching profession.

Fort Smith Supt. Chris D. Corbin told the group the most difficult tasks is dismissing personnel, particularly certified teachers.

The first general session of the AEA meeting is set tonight.

## Picking the Pro Winners Saturday

By JACK HAND

Associated Press Sports Writer  
NEW YORK (AP)—Pittsburgh is primed for an all-out effort against the Cleveland Browns Sunday before Pittsburgh's largest pro crowd, 55,000—and a Steelers victory would turn the Eastern Conference race into a wild scramble.

The lead changed hands seven times when they met Oct. 5 in Cleveland, where Frank Ryan thrilled 84,684 fans with three touchdown passes in the Browns' come-from-behind 35-23 victory.

Jimmy Brown is back in stride but Ryan has been shaky since the New York Giants climbed all over him. Unless Ryan gets back on the beam, the Steelers could upset the Browns.

The New York Giants, who took over second place last week, are favored to keep on rolling against a battered Philadelphia team. St. Louis, derailed by the Giants, is due to pick it up again against Washington.

The Western Conference leaders, the Green Bay Packers and Chicago Bears, are supposed to win handily, unless they spend too much time looking ahead to their Nov. 17 rematch at Wrigley Field. The Packers play Minnesota in Green Bay while the Bears meet Los Angeles in Chicago.

In other NFL Sunday action, it will be Detroit at Baltimore fighting for third place in the West and Dallas at San Francisco.

## Traffic Judge Figured in Garden Stake

By ORLO ROBERTSON

Associated Press Sports Writer  
There could be quite a traffic jam late Saturday afternoon at Garden State Park when five sons of Traffic Judge and 10 other 2-year-olds tangle in the \$319,290 Garden State Stakes.

But the odds say Roman Broghter, a compact gelding weighing less than 900 pounds and standing not much more than 15 hands, will romp home with the major share of the third richest race in American history. The early line quoted the son of Third Brother at 2-1.

The gross value of the 1 1/16-mile race with 15 starters is exceeded only by the last two runnings of the Arlington Washington Futurity. However, the winner's share of \$191,574 will be the most ever collected in one race.

With the exception of Traffic none is given much of a chance to carry off the big prize. Traffic at Buffalo Saturday night.

Ten out of 11 got us even in the AFL for the season (14-14-2) and we're 40-15-1 in the NFL for a season total of 54-29-3. Here goes again:

Pittsburgh 27, Cleveland 24—An upset. The Steelers led last time 23-21 going into the last period after being stopped on the 2 and the two-foot mark. Ed Brown moving the Steelers steadily and they should win if the defense can escape that second-half letdown.

New York 31, Philadelphia 21—Allie Sherman may have trouble getting the Giants up after two big games. But the Eagles are hurting.

Green Bay 27, Minnesota 14—Scrambling Fran Tarkenton seems to give Packer defense trouble but Green Bay is just too good. If it's tight, Vince Lombardi always can go to Jerry Kramer for a field goal.

Chicago 31, Los Angeles 10—Rams are improved but not that much. Bears' defense will clobber Roman Gabriel and Bill Wade will pick away at Rams with balanced ball control game.

St. Louis 21, Washington 17—Charlie Johnson will find Redskins' secondary a picnic after last week. Washington pass defense has yielded 19 TDs in eight games. Injuries to Bill Triplett and Joe Childress will hurt Cards' ground game.

Detroit 24, Baltimore 20—An upset for the Lions, who bowed to Colts 25-21 last month. Colts can't run and Lions murder passers.

Dallas 21, San Francisco 17—Could be trouble for the Cowboys with Jim Ray Smith and Lee Roy Jordan out of action. San Francisco offense mediocre despite Dallas's defensive weakness.

Kansas City 21, Oakland 10 (Friday night)—Chiefs at home, figure to reverse 10-7 defeat in Oakland with Curt McClinton starting to come on.

Buffalo 35, Denver 28 (Saturday night)—Nobody stops anybody in this one but Jack Kemp should hit targets more often than Don Breau or Mickey Slaughter.

San Diego 28, Boston 27—Tobin Rote, Keith Lincoln, Paul Lowe and Lance Alworth give Pats fits despite their new-found punch and Gino Cappelletti's kicking.

Houston 28, New York 14—George Blanda to exploit Jets' pass defense weakness with strikes to Charlie Hennigan and Willard Dewveall.

Dallas 21, San Francisco 17—Could be trouble for the Cowboys with Jim Ray Smith and Lee Roy Jordan out of action. San Francisco offense mediocre despite Dallas's defensive weakness.

### Final Night Home Game for Bobcats

Tonight the Bobcats take on the Gurdon Go-devils in the final night home game for the local boys. Kickoff time is 7:30 p.m. The final home game will be held here against Nashville on Thanksgiving afternoon.

The District Champion Bobcats are not doped to have too much trouble with the visitors. However, the unexpected can always happen in football.

Gurdon is capable of pulling an upset if the Bobcats have too much of a letdown. With the district title behind them the Hope boys are really ripe for an upset.

The contest should prove interesting and a large crowd is expected.

### National Have-Nots Conspicuous

By MIKE RATHET  
Associated Press Sports Writer

Rarely, if ever, have the Have-Nots and Never-Beens been so conspicuous on one program in the National Football League, possibly holding the balance of power in the battle for divisional honors that continues Sunday.

Here's the way it looks at a glance:

Minnesota, which has never been able to beat the Packers, takes a 3-5 record into Green Bay for a clash with the Western Division co-leaders, who are 7-1.

Los Angeles, which hasn't been able to beat the Bears in their last eight games, moves into Chicago with a 2-6 record. The Bears are tied with the Packers at 7-1.

Philadelphia, which hasn't been able to beat the Giants in five straight games, takes a 2-5-1 record to New York, where the Giants will be trying to stay no worse than one game behind Cleveland in the Eastern race.

And Pittsburgh, which has never been able to win a divisional crown and is bogged down at 4-3-1, tackles the Browns, out front with a 7-1 mark to 6-2 for New York.

In other games, Washington will be at St. Louis, Detroit at Baltimore and Dallas at San Francisco.

The American Football League schedule shows Oakland at Kansas City tonight and Denver at Buffalo Saturday night while New York is at Houston and San Diego at Boston Sunday.

### Blevins Downs Guernsey Teams

Blevins Junior boys overpowered Guernsey Tuesday night, winning three games.

The Junior boys started it with a 46 to 35 decision with Larry Hugg tossing in 21. Jackie Wilson and Ann Head each had 18 in leading the Senior Girls to a 56-45 win.

The Senior Boys game was a different story and Blevins had to push from behind, 42-37 at the half, to win. The final score was 73 to 70. Doug Nuce was high with 22.

### Champion Chiefs Skid in National

KANSAS CITY (AP) — Now that other American Football League clubs have stopped pointing for them, maybe Kansas City's defending champs can end a four-game losing streak against Oakland tonight in Kansas City.

The Chiefs' skid has carried them to a last-place tie with Denver at 2-5-1 in the Western Division. Oakland, 5-4, is a surprising second behind San Diego 6-2, in the West and needs a victory to stay in the running. The Raiders beat the Chiefs 10-7 last Sunday.

Denver plays at Buffalo, 4-4-1. Saturday night with the Bills favored to keep their late title push alive in the tight Eastern Division race. Houston, Eastern co-leader at 5-4 with Boston, faces New York, 3-4-1, at Houston while Boston plays host to San Diego in the two Sunday games.

One fact indicates the other AFL clubs have been pointing for the Chiefs. Only once in eight games has a team won the week after playing the Chiefs. At the same time, it's obvious the league has greatly improved over 1962 while the Chiefs haven't.

### Bowl Crew Eyes the Razorbacks

HOUSTON (AP)—The executive director of the annual Blue bonnet Bowl said Thursday several teams—including Arkansas—are under consideration for the football classic Dec. 21 in Rice University Stadium.

Lou Hassell said three other teams from the Southwest Conference — Texas, Baylor and Rice—are under consideration.

The winner of the conference race is committed to the Cotton Bowl in Dallas, but Hassell said the runnerup will be a strong candidate for the host spot in the Bluebonnet Bowl.

Hassell said other teams being considered include Oklahoma, Missouri, Louisiana State, Georgia Tech, Auburn, Army, Navy.

### Early Wynn Had a Time Getting 300

By THE ASSOCIATED PRESS

Okay. So your name's Gordie Howe, not Early Wynn. But you've got the same problem. You're just missing. And every time you do, the psychological barrier gets bigger.

Old Early had to make eight tries over two seasons with two different clubs before he finally notched that big No. 300 career pitching victory with the Cleveland Indians this past baseball season.

And Howe, seeking a record-breaking 545th career goal, is having the same problem. The big ones just don't come easy. He missed two good chances Thursday night as his Detroit Red Wings edged New York 1-0.

Chicago retained a six-point bulge over second-place Montreal by tying the Canadiens 2-2 in Montreal and Toronto rallied from a three-goal deficit and beat the Bruins 4-3 in Boston in the other games.

Play ranged from rough to vicious in the Chicago-Montreal game. Two major penalties for board-checking were handed out and two Montreal players retired at different times because of injuries.

Tim Horton caromed a shot off a Boston defender's leg with 55 seconds to go for the winning goal for Toronto.

### Porkers Are in Good Spirits

FAYETTEVILLE, Ark. (AP) — "Pretty good spirits" was the analysis Arkansas Coach Frank Broyles made Thursday of the Razorbacks' attitude toward Rice.

The Porkers fly to Houston, Tex., today to meet the Owls Saturday afternoon in a region ally televised Southwest Conference battle.

Wes Bryant, Jim Grizzle and Mike Parker were named Arkansas captains for the Rice game.

### Work to Start on G&F Lake

LITTLE ROCK (AP) — The state Game and Fish Commission announced Thursday it has ordered the start of construction on the Cox Creek Lake in Grant County.

Ed Ashbaugh, acting commission director, said work on the 400-acre lake will begin Monday. D. B. Hill Construction Co. of Little Rock has the contract.

### Porker-Rice Game to Be Televised

HOUSTON, Tex. (AP) — Rice and Arkansas, two of the "almost" teams in the Southwest Conference, battle before regional television cameras in Rice Stadium Saturday.

But players on both teams will have their ears open for public address scores on the Texas-Baylor game in Austin. If Texas loses, Rice has a good chance to share the Southwest Conference championship.

Both Rice and Arkansas lost to Texas by four points. The Longhorn trimmed Arkansas 17-13 on Tony Crosby's extra point and field goal, and beat Rice 10-0 on an extra point and field goal by the same shoeless kicker.

That would indicate Rice and Arkansas meet on even ground.

Rice, like Arkansas, has two efficient quarterbacks in Walter McReynolds and Benny Hollingsworth. Hollingsworth has a minus 27 yards rushing in six games but has gained 439 yards in the air for the Owls. McReynold has run for 17 yards and gained 465 yards passing.

Arkansas' top two quarterbacks also have contributed a big share of yardage. Jon Brittonum has gained 101 yards rushing and passed for 171. Bill Gray has a net of five yards rushing but has gained 409 in the air.

With a few breaks, either Rice

### Garage Owner Can't Drive

SLOUGH, England (AP) — Garage owner William Sands was barred from driving Thursday after more than a million miles of motoring. It was his second conviction.

In 1904, he was fined for exceeding the speed limit of 8 miles per hour.

Thursday he was fined \$70 and his license was suspended until he passes a driving test. Police said he drove carelessly out of a side road and caused two others to collide.

Sands, 84, said he would appeal.

### Fairview Blasted By Hall High

LITTLE ROCK (AP) — Half-back Bobby Kinkead blasted for three touchdowns and paced Little Rock Hall to a 34-0 football victory over Camden Fairview Thursday night.

Kinkead rammed four, one a nine yards for touchdowns to break the game open after the Cardinals of Region 4AA had held the Big Ten Conference Warriors even in the first quarter.

Camden recovered a fumble and drove 15 yards to Hall's 10 before being stopped, then the Warriors turned the game into a rout.

Chris Piazza dived a yard for a TD and Sammy Furo caught a pass from Bobby McKee on a 41 yard scoring play.

In Big Ten Conference games tonight, El Dorado goes to Blytheville, Hot Springs is at Fort Smith, Texarkana journeys to Jonesboro and North Little Rock meets Central in Little Rock.

## ...A new way to buy gasoline and save up to 3¢ a gallon

5 grades...5 prices...blended in the gas pump  
...blended exactly to fit your car

Half of all U. S. car owners buy the wrong grade of gasoline.

Many waste money buying premium octane power their cars can't use. Others risk engine damage by using a regular grade which causes knock and loss of power.

Why is this true? Until now, car owners had to choose between only two or three grades of gasoline—which cannot meet the wide variety of octane requirements of cars on the road today.

But now you can buy Lion Octane-Blended Gasoline in any one of five different octane ratings... at five different prices... one of them exactly right for your car.

Each blend is top-quality Lion gasoline with the exclusive Lionite® additive that prevents pre-

ignition knock or ping... keeps spark plugs clean... improves engine breathing by keeping the carburetor clean.

How Lion Octane-Blending works: The special pump draws two separate fuels from two underground tanks, feeding them through a hose-within-a-hose in the exact proportion for your car.

The lower the octane rating your car needs, the more you save... 1¢, 2¢ even 3¢ a gallon! And Lion is the only place you can get it.

Stop in at your Lion Dealer's. He'll help you select the correct blend for your car. Change to Lion Octane-Blended Gasoline, and keep the change!
